

## **Summary of Connect Blue EPO \$250 a Community Blue Plan Benefits**

On the summary below, you'll see what your plan pays for specific services. There are three levels of network benefits coverage for certain services: Preferred Value, Enhanced Value and Standard Value\*. When you receive services from providers who offer Preferred Value benefits coverage, you will pay less out of pocket. **You are responsible for paying for non-emergency services received from an out-of-network provider.** You may be responsible for a facility fee, clinic charge or similar fee or charge (in addition to any professional fees) if your office visit or service is provided at a location that qualifies as a hospital department or a satellite building of a hospital.

If you are diagnosed with a rare or complex cancer, you can arrange for a second opinion consultation at Johns Hopkins Kimmel Cancer Center, with no cost to you.
